Total acidity
6 g/l

Extract
21 g/l

Recommended serving temperature
8°

Ageing potential
10 years and longer

Varietal profile Chardonnay

Vineyard The hills of Pressano. Thanks to the excellent south-facing vineyard and the great sun exposure, the grapes reach perfect maturity. Owing to the vineyards unique position, the low yield, and the refreshing ventilation from the Ora winds from Lake Garda, Masetto Doré becomes an elegant and fine wine.

Yield per hectare 50 hl

Picking The wine is produced entirely from perfectly ripe and handpicked grapes. If necessary, the hand-selected grapes are cooled down to 12-14 °C before the pressing.

Production After gentle pressing, the must ferments in French oak barrels and Hungarian acacia. Batonnage is performed weekly until the end of December. After aging in oak, the wine matures in the bottle for several months.

Description Its fragrance is charming, with aromas of ripe peaches, pineapples, resinous and herbal notes, vanilla and honey. A rich interaction of candied fruit—especially citron and orange—and citrus. On the palate, it is fresh and harmonious, with notes of ripe fruit, almonds, black tea, and white chocolate. A strong and determined finish with a touch of fresh acidity. The aging in small oak barrels crowns this great wine with a complex play of freshness and power, which highlights this wine's strength.

Food recommendations Due to its strong and elegant structure, this wine can be enjoyed with various ripe cheeses, red meat, wild birds, and poultry.

Origin of the name Masetto comes from the Latin „Mansum“, a building with adjoining agricultural land, which was given as a reward to Roman legionaries. Since 1885 it is the place where the Endrizzi winery is located and expresses the identity of the Endrici family. Chardonnay from „golden“ grapes, which come from the top of a hill.
